## Acknowledgements

The 2030 Kankakee County Comprehensive Plan was prepared through the efforts of Kankakee County's Board, Regional Planning Commission, Planning Commission Land Use Subcommittee, and Planning Department and with the project planning consultants of HNTB Corporation, with assistance from Real Estate Planning Group. Many elected officials, government staff, business leaders, civic organizations, and concerned citizens, too numerous to mention here, participated in the planning process. Their involvement and insights are sincerely appreciated.
